DETAILED ACTION

1. Claims 1-19 is pending.
2. Claim 1 is currently has been amended.

Allowable Subject Matter

1. Claims 1-19 are allowed The following is an examiner's statement of reasons for allowance:

Regarding the claim 1 the prior art of the record does not teach or suggest a supporting method of operating a wind turbine, comprising:
driving a rotor of the wind turbine by feeding rotor currents by a feed-in unit to rotor windings of an induction generator, including inter an electrically decoupling of the feed-in unit from the rotor windings in the case of predetermined variations of the grid voltage amplitude by an emergency unit; and releasing the fed-in rotor currents after electrically decoupling the feed-in unit using a release arrangement of the emergency unit; and when the rotor currents in the rotor windings by the variation have declined to a predetermined value, resuming the driving of the rotor of the wind turbine by feeding rotor currents by the feed-in unit to rotor windings of the induction generator after the decoupling caused by the variation of the grid voltage amplitude.

Regarding the claim 5 the prior art of the record does not teach or suggest a supporting method of operating a wind turbine, comprising:
driving a rotor of the wind turbine by feeding rotor currents by a feed-in unit to

rotor windings of an induction generator, including inter an emergency unit which can be operated to electrically decouple the feed-in unit from the rotor windings in case of variations of the grid voltage amplitude, wherein the emergency unit comprises a release arrangement for releasing the rotor current feed-in after decoupling, when the currents generated in the rotor windings by variation of the

grid voltage amplitude triggering the decoupling are declined to a predetermined value.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled " Comments on Statement of Reasons for Allowance."
